Sir,

With reference to Order No 1727-30/Ed 22 dated 29th July 1895 I have the honour to inform you that E H Eames has withdrawn his application for a medical scholarship. His letter dated 3rd August 1895 bearing this office Register No 1733 is herewith enclosed. As Mohan Singh has also withdrawn his application, I would recommend that K Balasimha Rao FA whose name appears in the list of applicants sent with my letter No 405 dated 19th July 1895 may be given the vacant scholarship. In 1894 he was given a Government scholarship, but finding it inconvenient to go to the Medical College he declined it Sometime after declining the scholarship however he was able to join the College, and he has applied again this year for a scholarship from the Medical College from where he passed the Preliminary Scientific Examination held in July 1895. Besides V. Krishna Rao who has already been granted a scholarship there is no non-brahmin in the list of applicants

The late Mr M Amritha-

After his death our family became quite reduced in pecuniary circumstances and inspite of all the difficulties the family had to face, I managed to pass my First L M & S last month from the Madras Medical College. Now I have two more years to finish my course and for that I have no means. I beg you will be pleased to grant me the Mysore scholarship & thus enable me to finish my course (two years more). In May '94 I applied for & obtained a Medical Scholarship of the Mysore Govern on the recommendation of Mr Cook M.A But in the month of September I was compe by my relations that before taking up the profession, I should pass the Optional branch of the B.A examination the oth two branches having been passed in Janua 94 from the Central College Bangalore Moreover there were family difficulties coming in the way of my going to Madras at that time The result of all these was I was obliged to resign the scholarship

In the month of October however I prevailed upon my relations to send me here & the difficulties too having cleared away I came here & joined the Medical College
